16-081-110	Icteridae	<i>Sturnella magna</i>	Eastern Meadowlark	Vlhovec východní	x																		

Notes

I used species names, taxonomy and listed taxa following the Handbook of the Birds of the World
Species rank numbers are in the format "Volume-Plate-Species"
English species names are hyperlinked to particular species pages at the Internet Bird Collection
xxx = species name does not exist yet

* *Theristicus caudatus* seen during the trip to the Armenia airport (i.e. at lower altitude)

Trip participants:
